

2010 SYRAH OCCIDENTAL ROAD VINEYARDS

VINTAGE NOTES

The 2010 is a powerful wine that is displaying complexity and a distinct richness of fruit. The aromatic profile is ripe blackberry and black cherry that combines with licorice and spice. There are soft vanilla toasty notes as well. The flavor profile is lush blackberry spicy cassis, and bittersweet chocolate. The tannins are well developed and remain soft and well integrated. The wine is balanced beautifully by bright acidity which guarantees it to be a great food wine!

Our Syrah planted above the sloping hills along Occidental Road just east of the town of Occidental.
